

2021-22 PE & Sport Service for East Shropshire's Primary Schools

Following extensive market research, we have devised a new service that allows for a more bespoke approach designed to allow each school to access their specific needs.

Our system works on a three-tiered option basis, with a menu of additional services if required. We are open to discuss more individualised packages on a school-to-school basis in order to meet your every need.

INSET

The Schools Sport Partnership (SSP) will deliver a minimum of 1 INSET opportunity each academic term. In all packages, your school would have access to each of these for an unlimited number of staff. For Silver and Gold members, we would also provide 1 or 3 whole-school INSET opportunities for some/all of your staff in your school setting and at a time to suit your needs. A list of potential course subjects is included with this material.
