Science College

Candidate Information Pack

Teacher of Mathematics

Mary Webb School & Science College
Pontesbury
Shrewsbury
Shropshire
SY5 0TG

Dear Applicant,

Thank you for your interest in our school. In this pack you will find the following information:

[Letter from the Headteacher](#)

[Information about the Mathematics department](#)

[Advertisement](#)

[Information about the school](#)

[Job Description](#)

[Person Specification](#)

[Information on how to apply](#)

We are looking for an inspirational teacher of Mathematics who is able to communicate a real excitement, passion and enthusiasm for the subject.

Once you have read the enclosed information, I trust you will feel encouraged to apply for the teaching vacancy within the Mathematics department.

We want students to feel successful at Mathematics at Mary Webb School and Science College and to use Mathematics to make sense of the world around them. We are interested in applicants who are qualified in teaching Mathematics, and who have a passion for sharing their love and curiosity of the subject. An application would bring you a step closer to working in a positive, busy and friendly team environment.

The Mathematics department is a supportive and successful team, who have a rich scheme of work which runs through both key stages. As well as being a core subject, we offer GCSE Statistics as an option at key stage four, and enrichment opportunities throughout all year groups.

The department is well resourced, including interactive screens in all classrooms and a set of laptops. I would strongly advise you to contact Head of Department, Ellie Griffiths, for further information, or to make an introduction.

Mary Webb School and Science College is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

I look forward to receiving your application.

Yours sincerely,

Peter Lowe-Werrell
Headteacher

Mathematics is at the heart of the curriculum at Mary Webb School and Science College and plays an active part in the school's passion for Science, Technology, Engineering, Arts and Mathematics (STEAM). As a department, we have high expectations for all students, and encourage and nurture passion and curiosity for mathematics in students of all abilities.

Mathematics develops students' abilities to calculate; to reason logically, algebraically, and geometrically; to solve problems and to handle data and is important for students in many other areas of study. It is also important in everyday living, in many forms of employment, and in public decision-making.

At Mary Webb School we have a strong STEAM agenda and in the Mathematics department we work hard to provide students with many enrichment activities, we are involved with the UKMT, both the individual and team competitions, and AMSP 'Maths Feast'. We also run our own 'Maths at Work' event during the school's STEAM week, which gives Year 9 students a chance to talk to professionals about where mathematics is used within their careers.

Mathematics at Mary Webb

Maths at Mary Webb is designed to build on the introductions to mathematical concepts gained from the KS2 National Curriculum Programme Of Study; concreting procedural understanding, addressing misconceptions and gaps in knowledge, deepening understanding and fostering an inquisitive outlook into mathematical applications and problem solving.

Learning Environment

"Mathematics equips you with uniquely powerful ways to describe, analyse and change the world. It can stimulate moments of pleasure and wonder when you solve a problem for the first time, discover a more elegant solution, or notice hidden connections. ...

Mathematics is a creative discipline. The language of mathematics is international. The subject transcends cultural boundaries and its importance is universally recognised.

Mathematics has developed over time as a means of solving problems and also for its own sake."

-Qualifications and Curriculum Authority

We currently have two full-time and four part-time teachers including a subject leader and assistant subject leader. Who all teach across both key stages. Intervention and extra help sessions are run by the department for Key Stage 3 and 4 students.

We follow a scheme of work based around the national curriculum and enter students for the linear Edexcel exams in Year 11. We have five classrooms equipped with an interactive screen, and a set of 16 laptops are shared between the department. We have 'mymaths' textbooks which support the new specification, and students also use Eedi.com for homework and revision. A regimented behaviour policy is in place in the department and is fully supported by the subject leader. We have a strong focus on group work and peer learning, and have a huge bank of group tasks and investigative resources available within the department.

Our department is very successful, and our results see students performing consistently above the national average. This post offers an enthusiastic and hardworking teacher of mathematics the opportunity to work in, and move forward with, a successful and forward-thinking department, within a caring community school.

We also offer GCSE Statistics as an option at Key Stage 4.

Teacher of Mathematics

MPR / UPR

0.48fte, Permanent

Required September 2025

Mary Webb School and Science College is a successful and popular specialist science college, situated in a beautiful location, a few miles south of Shrewsbury.

Governors wish to appoint an outstanding, well-qualified and enthusiastic teacher of Mathematics. The successful candidate will be required to teach Mathematics at Key Stage 3 and Key Stage 4. This vacancy would also include a small amount of Science and Computer Science teaching at Key Stage 3. This vacancy would suit experienced teachers.

Potential candidates are encouraged to contact the school to speak to the Subject Leader for Mathematics, Ellie Griffiths. Further details and an application form are available on the school website. The school does not accept CVs.

The school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

An online search will be undertaken as part of due diligence checks during the shortlisting process.

The Trust values diversity and inclusion and welcomes applications from candidates with diverse backgrounds.

Closing date: 12pm Tuesday 29th April 2025

Interviews to be held: Week commencing 5th May 2025

Information about the school

Mary Webb School and Science College is situated in a particularly beautiful location in the village of Pontesbury, just a few miles south of Shrewsbury. The site, surrounded by hills and woodland, provides an ideal setting for a school that aims to provide an educational experience firmly rooted in a modern rural context. We seek to open minds and widen horizons by ensuring that all our students are prepared for the challenges of life in the 21st century.

As a relatively small, community secondary school of over 700 students, staff and governors, we feel that the school has a number of distinctive features that makes it a little bit special. We aim to provide an environment in which each and every student can develop and flourish, and where the pursuit of excellence, in terms of personal development and academic achievement, is the aspiration of all. Relatively small class sizes ensures that every student receives personal attention.

The curriculum at Key Stage 4 is based around a core GCSE offer. We believe that this provides students with robust qualifications that support transition to post-16 education, training and employment. GCSE examination results at Mary Webb School and Science College have been good in recent years and are above national averages for attainment and progress across the curriculum.

GCSE results in 2024 saw us achieve a very pleasing Progress 8 score of +0.08. 65% of our students achieved GCSEs in both English and mathematics at grade 4 and above and the school's Attainment 8 score was 47.84, which was in line with the Shropshire average for secondary schools. Over 10% of GCSEs awarded to our students were at grades 8 or 9. Most importantly, all our students were able to go on to the destinations they planned to in September 2024.

To view our latest Ofsted report from May 2023 please visit our website.

Inspection of Mary Webb School and Science College

Pontesbury, Shrewsbury, Shropshire SY5 0TG

Inspection dates: 7 and 8 June 2023

Overall effectiveness	Good
The quality of education	Good
Behaviour and attitudes	Good
Personal development	Good
Leadership and management	Good
Previous inspection grade	Not previously inspected under section 5 of the Education Act 2005

- Pupils feel safe and happy in this inclusive and supportive school.
- Pupils behave well and have positive attitudes to learning.
- Governors and leaders ensure that staff's well-being matters.
- Staff morale is high.
- The arrangements for safeguarding are effective.

Job Description

Purpose

- To share the school's commitment to safeguarding and promoting the welfare of children and young people.
- To implement and deliver an appropriately broad, balanced, relevant and differentiated curriculum for students and to support a designated curriculum area as appropriate.
- To monitor and support the overall progress and development of students as a teacher/form tutor.
- To facilitate and encourage a learning experience which provides students with the opportunity to achieve their individual potential.
- To contribute to raising standards of student attainment.
- To share and support the school's responsibility to provide and monitor opportunities for personal and academic growth

MAIN (CORE) DUTIES

Teaching

- To teach students, including students from Severndale @ Mary Webb who are in mainstream lessons, according to their educational needs, including the setting and marking of work to be carried out by the students in school and elsewhere.
- To assess, record and report on the attendance, progress, development and attainment of students and to keep such records as are required.
- To provide, or contribute to, oral and written assessments, reports and references relating to individual students and groups of students.
- To ensure that ICT, Literacy, Numeracy and school subject specialism(s) are reflected in the teaching/learning experience of students.
- To undertake a designated programme of teaching.
- To ensure a high quality learning experience for students which meets internal and external quality standards.
- To prepare and update subject materials.
- To use a variety of delivery methods which will stimulate learning appropriate to students' needs and demands of the schemes of work.
- To maintain discipline in accordance with the school's procedures, and to encourage good practice with regard to punctuality, behaviour, standards of work and homework.
- To undertake assessment of students as requested by external examination bodies, departmental and school procedures.
- To mark, grade and give written/verbal and diagnostic feedback as required.

Job Description (Cont.)

Pastoral System

- To be a Form Tutor to an assigned group of students.
- To promote the general progress and wellbeing of individual students and of the form group as a whole.
- To liaise with Head of Year to ensure the implementation of the school's support/pastoral system.
- To register students, accompany them to assemblies, encourage their full attendance at all lessons and their participation in other aspects of school life.
- To evaluate and monitor the progress of students and keep up-to-date student records as may be required.
- To contribute to the preparation of Action Plans and progress files and other reports.
- To alert the appropriate staff to problems experienced by students and to make recommendations as to how these may be resolved.
- To communicate, as appropriate, with the parents of students and with persons or bodies outside the school concerned with the welfare of individual students, after consultation with the appropriate staff.
- To contribute to PSHCE according to school policy.
- To apply the school's behaviour policy and management systems so that effective learning can take place.

Operational/Strategic Planning

- To assist in the development of appropriate syllabuses, resources, schemes of work, marking policies and teaching strategies in the curriculum area.
- To contribute to the curriculum area's improvement plan and its implementation.
- To plan and prepare courses and lessons.
- To contribute to the whole school's planning activities.

Curriculum Provision

- To assist the Subject Leader and SLT to ensure that the curriculum area provides a range of teaching strategies which complements the school's strategic objectives.

Curriculum Development

- To assist in the process of curriculum development and change so as to ensure the continued relevance to the needs of students, examining and awarding bodies and the school's mission and strategic objectives.

Job Description (Cont.)

Professional Development

- To take part in the school's staff development programme by participating in arrangements for further training and professional development.
- To continue personal development in the relevant areas including subject knowledge and teaching methods.
- To engage actively in the school's agreed Performance Management Review Process.

Recruitment/Deployment of Staff

- To ensure the effective/efficient deployment of classroom support.
- To work as a member of designated teams and to contribute positively to effective working relations within the school.

Quality Assurance

- To help to implement school quality procedures and to adhere to those.
- To contribute to the process of monitoring and evaluation of the curriculum area in line with agreed school procedures, including evaluation against quality standards and performance criteria.
- To seek/implement modification and improvement where required.
- To review from time to time methods of teaching and programmes of work.
- To take part, as may be required, in the review, development and management of activities relating to the curriculum, organisation and pastoral functions of the school.

Management Information

- To maintain appropriate records and to provide relevant, accurate and up-to-date information for school's MIS, including registers.
- To complete the relevant documentation to assist in the tracking of students.
- To track student progress and use information to inform teaching and learning.

Communications

- To communicate effectively with the parents of students as appropriate.
- Where appropriate, to communicate and co-operate with persons or bodies outside the school.
- To follow agreed policies for communications in the school.

Job Description (Cont.)

Marketing and Liaison

- To take part in marketing and liaison activities such as Open Evenings, Parents Evenings, review days and liaison events with partner schools.
- To contribute to the development of effective subject links with external agencies.

Management of Resources

- To contribute to the process of the ordering and allocation of equipment and materials.
- To assist the Subject Leader to identify resource needs and to contribute to the efficient/effective use of physical resources.
- To co-operate with other staff to ensure a sharing and effective usage of resources to the benefit of the school, subject area and the students.

How to Apply

Applications must be made on the official application form which can be found by [clicking here](#) or visiting www.marywebbschool.com/vacancies

The deadline for applications is 12 noon on Tuesday 29th April 2025, and we will be interviewing week commencing 5th May 2025. Please do not hesitate to get in touch with us if you have any questions or if you would appreciate an informal chat; we would be delighted to hear from you.

When completing the application form, please pay particular attention to:

The guidance notes on the front cover.

Section 8, Educational qualifications, please ensure you provide details of your qualifications, including GCE O level, GCSE or equivalent level 2 qualifications - a summary is not sufficient. Details of the institutions you studied at are required.

Section 11, Further Details: Please limit this section to no more than 500 words.

In addition to the guidance provided, please outline your views on teaching Mathematics to young people in the 11-16 age range and why Mathematics are an important part of a broad and balanced education for the twenty first century.

Section 16, References: The requirement for two employment references, one of which **must** be your current or most recent employer. Please include email addresses if possible.

We use an application form which states that the post is exempt from the Rehabilitation of Offenders Act 1974 and that the successful candidate must apply to have an Enhanced Disclosure from the Disclosure and Barring Service. The application form will request full and complete information about employment history.

All applicants are required to disclose whether they have any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children.

Correctly completed application forms will prioritised in the shortlisting process.
